## General advice

While developing this product, your personal safety combined with the best operating service, modern design and an up-to-date production technique was especially taken into account.

Unfortunately, despite the utmost care injuries and/or damages might occur due to improper installation and/or use.

Please read the attached instruction manual completely with great care and keep it!

All articles of our production line pass through a 100 % check - for your safety and security.

We reserve the right to carry out technical changes which serve the improvement at any time.

According to each article and purpose, it is sometimes necessary to check each country's legal regulations before installing and starting the unit.

In case of guarantee claims, the device has to be sent back to the seller in the original packaging with the attached bill of purchase and detailed defect's description. Please pay attention to the manufacturer's return

requirements (RMA). The legal warranty directions are valid.

The guarantee claim as well as the operating permission becomes invalid due to: Der Garantieanspruch und auch die Betriebserlaubnis erlischt durch:

- a) unauthorized changes to the device or accessories which have not been approved or carried out by the manufacturer or its partners*
- b) opening the device's frame*
- c) device's repairs carried out by one's own*
- d) improper use / operation*
- e) brute force to the device (drop, wilful damage, accident etc.)*

During installation, please pay attention to all safety relevant and legal directions. The device has only to be installed by trained personnel or similarly qualified people.

---

- Compatibel with Windows Vista, XP
- Data compression software WinZip

Fig. 1

**Note:** Once the update has started, it may not be interrupted under any circumstances. This will cause damages of the FISCON software.

## Software check

Depending on the hardware version the FISCON system needs to have different update software.

**Hardware version 1**

**Hardware version 2**

**Hardware version 2**

Fig. 2

The updates are available under the link below:

<http://www.kufatec.de/shop/infocenter.php/anleitungen>

Please compare the update-file with the fitted hardware version.

**Note:** Do not update the FISCON which unsuitable software!

# Update preparation - Hardwareversion 1

Hardwareversion 1

## Step 1: Extract

Download the latest firmware update from the Kufatec web-site and extract it to a folder on your notebook using WinZip (Fig 3).

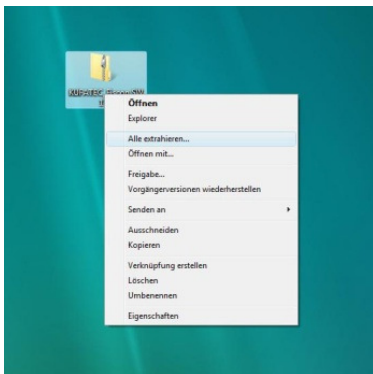

Fig. 3

## Step 2: Software installation

After the file as been extracted start the “BT\_Updater” program (Fig 2).

Fig. 4

Follow the installation wizard (Fig 5). Select a path for the software to be installed in. After successful installation close the installation wizard (Fig 6).

Fig. 5

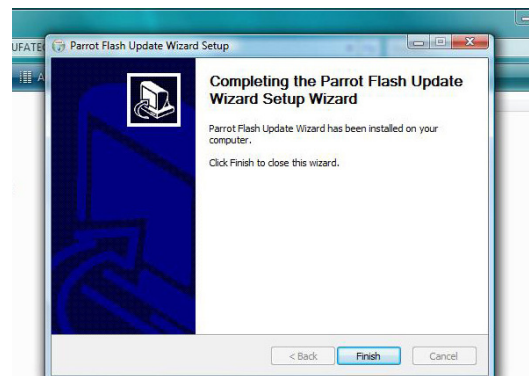

Fig. 6

## Update preparation - Hardwareversion 2

Hardwareversion 2

### Step 1: Extract

Download the latest firmware update from the Kufatec web-site and extract it to a folder on your notebook using WinZip (Fig 7).

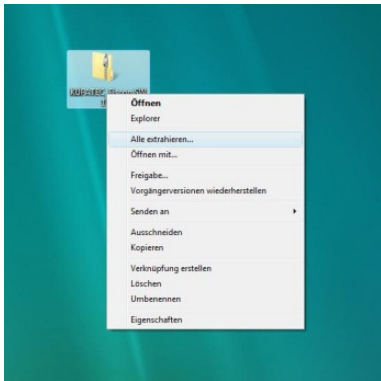

Fig. 7

### Step 2: Software installation

After the file as been extracted start the „Setup-OEM“ program (Fig. 8).

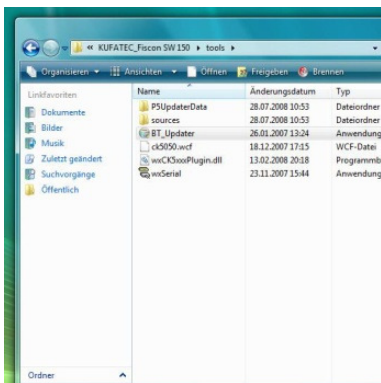

Fig. 8

Follow the installation wizard (Fig. 9). Select a path for the software to be installed in (Fig 10).

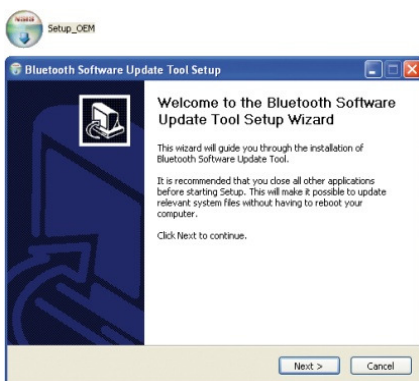

Fig. 9

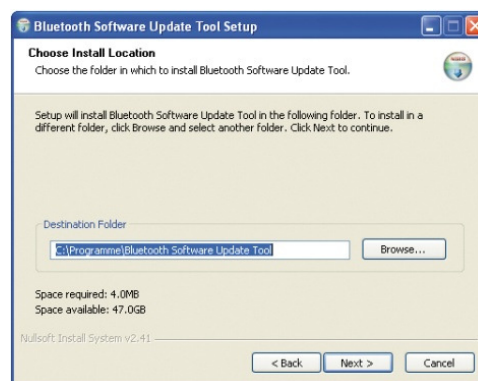

Fig. 10

After successful installation close the installation wizard (Fig 12).

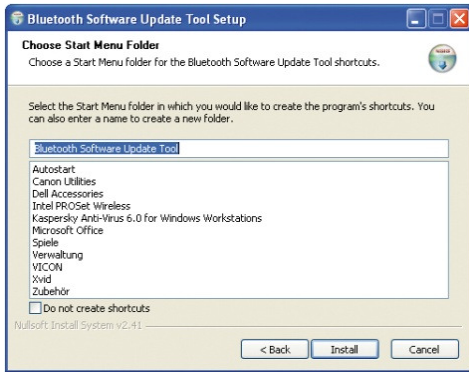

Fig. 11

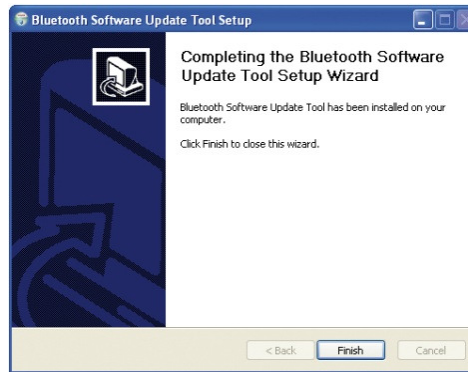

Fig. 12

## Update procedure

### Step 3: Bluetooth connection

Pair up your Bluetooth mobile telephone to the FISCON (e.g. RNS-E Fig 13).

Fig. 13
